Family,

I offered on Nov 28 a book along with some DVDs that I was going to send. Issues came up and there was no response, so I now have the DVDs alone to send. They should be in the mail tomorrow.

A description of many things, including current events, is attached. I suggest it includes some insights you might not otherwise hear.

To George, Susanna, Gloria-Jane, Walter, and Zadok,

I am asking each of you to watch this video. I know it is about things that you will probably not be familiar with, but I want you to be exposed to the concepts.

I am further asking that you respond to me individually with a short note about the video. If you want to dialog via email, that would also be great.

To be clear, I am asking for this of you specifically in order to expand the library of evidence that you are being kept from me in violation of the law of the Lord and the law of the state. As this is not my first request like this, I don't expect a response this time either, but remain hopeful.

However, this is to give you information in the future that your dad attempted all the days of his life to reach you, to reconcile the family, and to follow the Lord. Please note that is someone simply says to you that I am wrong in some way, but will not directly communicate with me, please consider who is the one attempting to love you, who is the one attempting to be obedient to the Lord?

I love you all, and really hope to hear from you!
