Family,

It is my hope and prayer that your Christmas this year was wonderful and that you celebrated the real Christ, as opposed to the pseudochristos I discussed in "Deceived by the truth" (<http://family.kozlowski.org/2017-11-29+1>). I was invited to Ducktown but declined as several other things were here. It is so easy to find people to give a few minutes of encouragement to, and the Lord granted me the willingness to do so. I remain clumsy, but I hope you will be inspired to do the same.

I also viewed again a debate on young versus old earth creation. The debate occurred several years ago in Chattanooga, but really wasn't the greatest. However, it reminded me of a couple points that I did some additional study on. From that I intended to do a short video for you to present the case. Well I got a bit carried away and it is 29 minutes. It was a bit large to include in an email so you can view it at <http://family.kozlowski.org/2017-12-25+1>.

It pleased me to review it as I think it provides some solid information that I don't think you will find in common circulation. People tend to the easy or the fluff. As a follower of the Lord Jesus Christ, we are called to the truth, which doesn't go over very well. The point on the Lord violating the laws of nature during all of the first six days of creation, and then being the one to set the laws of nature in place I suggest is vital for you to wrap your mind around. I think it will help you in your future.

Let me also be clear that I intend to keep this up, and do so publicly. I hope to be a lot shorter than 29 minutes, and there is no set time frame. However, as an act of love to you I want to provide you with things that I have no hope you will get otherwise. It is obvious that the Lord I serve is really not the same as the one served by those who call the police to stop someone from proclaiming reconciliation. I celebrate the Lord who we mark His entry into His creation this day many years ago to RECONCILE Himself to his elect. It remains my hope that I can share that joy with all of you, and accept you one at a time if that is necessary.

Clearly my greatest hope would be to reconcile with my wife and I have been attempting that for years, but it does not appear to be shared. However, I have also learn the magnificence of the Lord's grace and mercy. He showed me grace in ways I did not expect and I can have full confidence that He can do the same for you in His way. I remain fully committed to my wife, for my joy, and as the Lord commands. I want you to have confidence in that. I have and remain committed to her for all of my remaining days, irrespective of the circumstances. I hope you will follow in that model.

I love you all. Expect to hear more from me. Reconciliation is not a game, and I am not playing at it but pursuing it with all the more vigor. I remain your dad, and the husband of my lady.

To George, Susanna, Gloria-Jane, Walter, and Zadok,

I am asking each of you to watch this video. I am further asking that you respond to me individually with a short note about the video. If you want to dialog via email or phone, that would also be great.

To be clear, I am asking for this of you specifically in order to expand the library of evidence that you are being kept from me in violation of the law of the Lord and the law of the state.

This is allow you, sometime in the future, to know that your dad attempted all the days of his life to reach you, to reconcile the family, and to follow the Lord.

I love you all, and really hope to hear from you!
