Mr. Cross and Family,

Something happened today that was marvelous and I thought of you. It is especially significant since I did the video for Walter earlier today.

While visiting my friends Gary and Lynn a rather significant moment happened in dialog with Lynn. For a moment I saw in what I said to her about the Lord Jesus Christ, someone she says she believes in, perhaps become far more real. It is my hope that the glimmer of joy I saw was it sinking into her that Jesus is someone who I can trust, rather than the state. I need no other God before Him.

It was the Lord's blessing to me today as the attached 10 minute video explains. **Then I thought of you...**
