Mr. Cross and Family,

This is the third of the four points from last Friday's voicemail. However, I don't think I was as clear this time. But it is there for anyone how is interested, or perhaps considering the content, anyone who has the courage.

A point that I was planning on making in the video but forgot to do so is that Julian Assange has been in a maximum security prison in England without charge for about a year. In the last many months he is kept in solitary confinement for 23 hours a day. This is similar to Fritz Erbe many years ago. In a real sense I can relate, but by the grace of God I can take my long hikes. However, while hiking, working, eating, or sleeping. I am alone. It hurts.

To all, please tell my wife that I love her!
