Family,

A video came out recently, “**Out of Shadows**” (<http://OutOfShadows.org>), which has been seen 9 million times in two weeks, so you might be familiar with it. I watched it and initially thought that this is nothing new. But then thought it is nothing new to me, but what about those who are unfamiliar with OSS/CIA/News Media/Hollywood history. For them it might be eye opening.

It is also from a Christian perspective, but there is mostly history, and little theology. The audio of my commentary is attached.

One of the things mentioned is how “conspiracy theory” was a term coined to deflect from any idea contrary to Oswald being the lone assassin, and is applied to so many other things today. Consider that applied to theology. I suggest this is what happens in one sense with the focus on eschatology, or health and wealth. But the fundamental of Christianity is Christ, and is seen in obedience to Him. Obedience to Him is seen in love, irrespective of circumstances.

The other thing of note is that it is easy to look at the sensations mentioned in the documentary, but fail to see it in front of you. Some of this I mention, as it is near to our family.

I love you all. And of course, please remember to tell my wife I love her!
