Family,

It has been emotionally difficult for several days, but with the grace shown by several friends I am doing better. I wonder about my wife. Both Shadi Yousef Shehda, and John Painter came to mind and they are discussed in the attached video.

In the video I show a drawing done by John Painter that is remarkable. I remember standing in the Louvre in Paris in the 1970s and found some of the work there remarkable as it is an amazing gift to be able to capture life and express it in painting. John Painter's work in pencil is of the same quality. However, after his death, his work was thrown in the trash. In the grace of God, my friend Gary saw that occur and rescued some of it. I didn't know about it until about two years later. Today I am in position of a few of his original works. I am extremely pleased to have the one I show in the video. It should be in the Louvre.

It is an amazing story how I now have that drawing. It is an amazing store about Joseph in Genesis that I mention in the video. These amazing things happen. Another amazing store would be of our reconciliation. I'm interested! In the video I asked if anyone else is. The obvious answer is that George is. **Are you? If so, hit reply!**

I love you all, most notably my wife!
