George and Family,

Attached is the audio of the video I did today talking about 9/11, the Patriot Act, Rahm Emmanuel, Iraq and incubator babies, Vietnam, domino theory, nuclear bombs dropped during WWII, sinking of the Lusitania in WWI.

At the 6 minute point I couldn't remember a name. It was Norman Dodd, and in 1954 he did a report to the Reece Committee that is what is referred to. There is a popular interview by G. Edward Griffin with him from 1982 that you can find online. Griffin and I corresponded while we were in the hotel in Scottsboro, AL.

Then there is the US bombing of Syria, OPCW whistleblowers, Seth Rich, Ethan McCord, Brave New World, Georgia Guide Stones, "Hail Victory", "Eugenics for our time", Neville Chamberlin, a good bit on marijuana, and Bill Gates. The name I couldn't think of around 36 minutes is Henry Kissinger.

It got long. There is a lot more history in this than you will find in a typical history course. Then there is application of Scripture that might be offensive in the institutional church. Finally, there is an attempt at love toward my family.

As mentioned in the conclusion, please tell my wife I love her!
