George, and family,

A year ago George sent me an email. I have no reason to believe he has seen any of the responses, either email, video, or packages.

So attached is the video I did for him yesterday giving a review and some new information. Be forewarned, it might require thought.

For example I mentioned “Tragedy and Hope” in the video, as I have before. If you are interested, you can download the book as a PDF from <http://www.carrollquigley.net>

You might also find interesting Richard Grove’s site by that name: <https://tragedyandhope.com>

Joe Plummer also has done a summary book that you can download or listen to at: <https://www.joeplummer.com>

I also mention things like the “Communist Confession of Faith” which you can find at: <https://www.marxists.org/archive/marx/works/1847/06/09.htm>

You might give it a read and find that the warnings I have set before you about the destruction of the family that will take generations is describe here clearly. Remember this was almost 200 years ago and they have been very successful. Our family is evidence of that.

And then there is the Scripture. But that seems to be just an ornament book for Sunday morning. If anyone is interested in examining it in depth, as I do with others, let me know. Again be forewarned as it requires thought, and even more, it requires love.

I am continuing to attempt to reconcile our family, irrespective of the hate shown me, and our family. But there is grace! Do you know that grace?

One trivial side point, this is the first video done with the new (warning four letter word coming) iPad that was sent me for RapidRMS. So now it is full HD (1920x1080) and you can see the photos on my wall more clearly. I guess that means you can see me more clearly too.

I love you all, including George AND my wife!
