**Subject:** Mr. Cross, the vaccine and you

Mr. Cross,

While I assume this will be ignored by you and all, **the focus is you and a concern for your health and your wife's**. There is also a concern about our shared progeny.

I don't know how much you have been sucked into the panic-demic which has raised the domestic and worldwide all-cause death rate by zero, but calamity is coming, and you are one of the prime targets.

The CDC points out the annual death rate from the seasonal flu is about .2%. With the clearly inflated numbers for COVID19 they state it is .4% and the flu rate has somehow dropped to zero.

Vaccines are now being administered, and Chattanooga made the news when a nurse, the first to get it, passed out a few minutes later.

The CDC now reports that about 3% of those receiving the vaccine are **“unable to perform normal daily activities, unable to work, required care from doctor or health care professional”**. Now that sounds attractive doesn't it?

The CDC, WHO and others are recommending targeting the initial rollout of vaccines to specific groups. I have mentioned for months that one of those targets is Isaac, Charlotte, and James. The other target is people in your age bracket.

The black community is targeted for the purpose of eugenics. This is the 2020 version of the Tuskegee Syphilis Study which was also done by the CDC to reduce the progeny of the black community. Something again about nothing new under the sun.

Targeting the older population has many effects, such as reducing that population in order to reduce the tax burden on the younger generation. It encourages the young to say let's vaccinate dad so we can get rid of him and live our lives without caring for or loving dad.

Then there is what I detailed on April 3, 2020 with [“Reconcile 30 • Mr. Cross • Handing Your Posterity to Molech”](#). This is exactly what is happening. A brief review is that what we see as “Molech”, which in Hebrew is the chief deity of the Ammonites, as seen in Leviticus 20:2, is simply the chief or ruler or archon is the Septuagint. It is no reach to see that it is sacrificing your children to the state, corporation or institution. It is happening in front of your eyes. I just watched the video and I think it needs to go on BitChute.

So while I have stated many times that I refuse to consent for any of my family receiving the vaccine, I have also recommended that others do the same, notably the Williams family as they are a prime target. I am also recommending to you and Madge to refuse to get the vaccine as you are also a prime target and the outcome may not go well for you. It may be more than the embarrassment of fainting on camera.

You also wrote that you are command by God to love me, but you don't like me. Allow me to demonstrate the opposite. I am both trying to love you as a brother, and also reconcile with you so we can love each other as friends. Maybe that is the difference between a Christian and a follower of the Lord Jesus Christ.

I love my family!
