Subject: I saw hope for the next generation

Family,

In yesterday's voicemail I mentioned Genesis Apologetics (<http://genesisapologetics.com>). This morning while eating I watched "**Debunking Evolution - Why Creation_ (Lesson 1)**". You see two young people acting out roles, one representing evolution and the other creation. They presented the case well for both sides. Then the woman representing evolution states "I hope it makes you think".

Beyond so much I have seen in the next generation, this video has given me hope. It is my prayer that at least some of my kids share that hope.

I love you all!
